Notes:

'13 Upon further review and inspection w/ owners, delete gazebo which is not on his property. All other concerns and requests for abatement appear to be unfounded. Measurements of the stuctures were checked and claims of wrong square feet calculations were based on interior measurements which is not how our square feet calculations are arrived at. The TRIO coded (#74) 1 3/4s garage is assessed as all others with a similar story height in town whether attached or not, it was a code used to price 13/4s detached garages. Recommend abatement for gazebo and nothing else
